

NFPC UK - World Class Training Solution for Integrated Fluid Power Systems & Control

INDUSTRY OPEN DAY

17 February 2016

★ It's time to Register!

FREE TECHNICAL SEMINARS

Hear the Industry experts talk about the hot topics of the day

NETWORKING ZONE

Meet new people who share the same challenges as you!

UNIQUE PRACTICAL FACILITIES

View the equipment in action & talk to our experienced training engineers

EXHIBITION AREA

Meet & talk to our Industry Partners about their products & services

INDUSTRY OPEN DAY

National Fluid Power Centre, Worksop, Notts, S81 7HP

During the day attendees will have the opportunity to see our outstanding **Practical Facilities** in action & talk to our experienced **Engineers** with regard to specific training requirements.

There will also be opportunities to meet & talk to our **Industry Partners** about their products or services & attend the informative **Technical Lectures** presented by guest speakers on the day.

Key Speakers & Technical Lectures Subjects

Speaker - Gary Hatfield—**MITSUBISHI ELECTRIC**

Title - “What is the True Cost of Automation Downtime”

Synopsis - In this presentation, Mitsubishi Electric discuss how to make appropriate provision for the visibility & pro-active care of automation equipment. How it is well worth exploring & highly valuable to production.

Speaker - Holger Jordan—**TRELLEBORG SEALING SOLUTIONS**

Title - “Hydraulic System Life Improvement through Advanced Lubrication Management”

Synopsis - In this presentation, Trelleborg Sealing Solutions will explain the performance requirements of multiple sealing systems for reciprocating movements are continuously growing. Friction, wear and service time are the established primary considerations, which determine the longevity & outline performance of sealing systems. This paper describes new Sealing Solutions, innovative sealing technology & demonstrates the benefits gained on performance with test results in comparison to traditional sealing concepts, through advanced lubrication management.

Speaker - Andrew Gibson—**SHELL LUBRICANTS**

Title - “Challenges & Opportunities in Lubricating Modern Integrated Systems ”

Synopsis - In this presentation, Shell Lubricants explore the changes in modern manufacturing systems, such as hydraulics, gearboxes and electric motors & the challenges & opportunities this presents when lubricating systems.

Speaker - Paul Haddon—**SUN HYDRAULICS**

Title - “Sun Rising (Innovation in Screw-in Cartridge Control Valve)”

Synopsis - In this presentation, Sun Hydraulics explain how they remain at the forefront of innovation in screw-in cartridge control valve technology & this session will be a chance to see the very latest load match & load adaptive control valves.

Programme Outline:

9.00—9.30am Arrival/Registration

9.30—10.30am Exhibition Tour & Refreshments

10.45—11.30am Technical Lectures

11.45—12.30pm Technical Lectures

12.00—1.30pm Lunch/Networking

1.45—2.30pm Technical Lectures

2.45—3.30pm Technical Lectures

3.30—4.00pm Exhibition

4.00pm Close

During the day as an attendee you will have the opportunity to attend all 4 Technical Lectures **‘FREE OF CHARGE’.**

The Marketing Team will allocate your Technical Lecture times, you will then be notified of this on arrival

PLEASE SEND COMPLETED FORM
